Bridge Builders 1 Class Summer 2020

Bridge Builders 1 is a small group social communication and social skills program designed for highly verbal 3- to 4-year old children looking to gain the necessary skills to be socially successful. The curriculum and facilitation techniques will be consistent with cutting edge curriculum in this field and will be tailored to the individual needs of the children in the group. Students will receive instruction in social cognitive skills such as understanding thoughts & feelings, emotional regulation skills, friendship skills, social conversation, and coordinated joint play. Curriculum will also include elements of Social Thinking™ by Michelle Garcia Winner. Each class will be led by 1-2 certified speech-language pathologist(s). Class size will be limited to 6 children.

- ❖ Skills developed will include sharing, turn-taking, social conversation with peers, conflict resolution, participation in group activities, attention to speaker in a group setting, and coordinated joint play.
