

## Bridge Builders I Summer 2021

Bridge Builders I is a small group social communication and social skills program designed for 3- to 4-year old children looking to gain the necessary skills to be socially successful in preschool. “Right Fit Builders” are highly verbal but continue to demonstrate challenges in social communication and play skills with peers. Within the context of a preschool classroom, activities will facilitate social conversation, coordinated joint play, emotional regulation skills and classroom skills. Curriculum will also include instruction in social cognition and elements of Social Thinking™. Each class will be led by a certified speech-language pathologist and may also be supported by graduate students in speech-language pathology from the UTD-Callier Center for Communication Disorders. Class size will be limited to 6 children.

Bridge Builders enrollment is offered one- to two-times per week for 2 summer sessions. Enrollment in either or both sessions is welcome, pending availability.

**\*Please note:** If you are a new client to SCC, we require a 30-minute intake consultation (\$75) to occur prior to camp to assure placement in the correct group, and to set appropriate targets for your individual child for his/her time in camp.

Bridge Builders is a tuition-based, private pay program. While we do not submit to insurance companies, your tuition may be reimbursable by your insurance company under your out-of-network benefits for group speech-language therapy (CPT code: 92508). We encourage you to contact your insurance company with any questions.
